# THE 25TH MASHHAD INTERNATIONAL EXHIBITION

OF AUTO PARTS, ACCESSORIES & COMPONENTS

**NOVEMBER 10–13, 2025**

**Mashhad International Exhibition Center**

The 25th Mashhad International Auto Parts Exhibition is recognized as the leading specialized event for the automotive parts industry in northeastern Iran, bringing together prominent manufacturers and industry professionals from across the country.

With 10,000 square meters of indoor exhibition space and 20,000 square meters of auxiliary area, this event provides a unique platform for expanding business relations, exchange technical knowledge, and showcasing the latest products and innovations in the automotive sector.

This year, 160 companies from 14 provinces of Iran will present their latest achievements in auto parts manufacturing and supply, spare parts import, garage equipment, lubricants, tires, polymer products, and car body components.

Aiming to enhance international cooperation and boost exports, the Mashhad Auto Parts Exhibition welcomes business delegations from neighboring countries, creating an effective environment for direct networking between Iranian manufacturers and foreign partners.

Khorasan Razavi Province, with its strategic geographical location, access to Central Asian markets, and advanced industrial infrastructure, stands as one of Iran's key automotive and parts production hubs. Its proximity to Afghanistan, Turkmenistan, and Pakistan makes it an economic gateway for expanding regional trade in the automotive and aftermarket industries.
